A Night In MONTE CARLO

LARKFIELD 04.18.18

UCP OF LONG ISLAND

"The Arts" play a major role in the lives of those served by United Cerebral Palsy of Long Island (UCP-LI). Many of our gifted individuals utilize our "Brushstrokes" program as a form of self-expression. The paintbrush becomes the voice by which they tell a story or share their feelings. Music, another major component of our programs, unifies all of us. Performers at UCP-LI use their voices as well as sign language, connecting all who share in the experience. Through the arts and a wide range of programs and services, United Cerebral Palsy of Long Island helps create "Life Without Limits" for individuals with disabilities.
